

### THE TWO PAILS.

See the Two Pails.  
One is Filled with Cottolene and one with Lard.  
Now Cook is going to Fry some Croquettes.  
From which pail will she fill her Frying Kettle?  
Oh, she takes a Cupful from the Cottolene Pail.  
Why does she not choose the Lard?  
Because that would make them Greasy and Indigestible,  
while the Cottolene makes them Crisp and Delicious.  
Will she use the Lard for making Pie Crust?  
No. She will use Cottolene for that, also.  
Will she put Lard in her Quick Biscuit?  
Oh, no. Cottolene is much superior for all shortening.  
What, then, is Lard good for?  
That's a puzzle which has never been solved.

Moral: "An Ounce of Cottolene is Worth a Pound of Lard."  
Cottolene will be found at good grocers. Sold only in sealed pails. 20-page Cottolene Primer, illustrated in colors, from which above is one page, sent free on request.  
Made only by THE N. K. FAIRBANK COMPANY, Dept. 650 CHICAGO.

### DEATH OF GEO. FRANCIS TRAIN.

Brings to End a Picturesque Life.  
A Famous Character.  
New York, Jan. 21.—The death last night of George Francis Train, in his little room on the top floor of the Mills hotel No. 1, where he had lived for a number of years, ends a career which has perhaps never been equaled in picturesque interest, by that of any other American.  
Heart disease was the cause of his death. He had been ill only a short time and had been able to arise every morning until yesterday.  
The body is still lying today in the little room where for years he has paid twenty cents per night, the same as other lodgers. His sister, Mrs. Susan M. Gainer, of Stamford, Conn., has been notified and will reach New York this evening. Until then funeral arrangements will be held in abeyance.

Some Things Train Did.  
Ran for president in 1872 on an independent ticket.  
Organized Credit Mobilier to finance Union Pacific railway.  
Was one of the organizers of the French Commune in 1870.  
Built the first street railway in England.  
Organized the Clipper ship line to round Cape Horn.  
Went to jail fifteen times, yet never committed a crime.  
Could interest foreign potentates in anything he undertook.  
Went around the world in eighty days in 1870 and made about seventy other ocean voyages.  
Lived a part of his life on \$2,000 a week and made out on \$3 a week for a while before his death.  
Dictated his own autobiography of 100,000 words in thirty-five hours.

Climatic Cures.  
The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottle 25c; regular size 57c. At all druggists.

### CHEROKEE PROSPECTING.

Secretary of Interior Suspends All Operations Until Allotment.  
Tahlequah, I. T., Jan. 20.—Within the past thirty days there have been many mining men from the Missouri-Kansas lead and zinc mining district all over the Cherokee Nation prospecting and ascertaining the best way to get hold of the lands in the foot hills of the Ozark mountains in such a manner as will enable them to carry on mining operations. The

secretary of interior has suspended all mining operations, pending the final allotment of these lands and mining is at a standstill until this can be accomplished. There have been many excellent prospects opened within a few miles of this place and that there are large quantities of pay ore is proved by the fact that the number of mine operators coming in from the states mentioned is increasing. It is also true that as soon as a paying proposition is located, it is rushed up and kept as quiet and secret as possible, awaiting the time when title to the land can be passed, enabling the mining men to open and operate their mines. There are hundreds of acres of fine coal land in the Creek Nation that is known to only a few, and in the Cherokee Nation there is a great amount of lead, zinc and marble. In the Choctaw Nation there is a vast amount of coal and asphalt which will never be developed until title to the land can be passed.

Another source of vast wealth that is tied up in the five nations for the same reason as the mineral is the timber. There are fifty-two kinds of hard wood timber that is found in merchantable quantities in the territory and this cannot be cut or shipped away from these sections where the allotments are completed and the timber can be cut by the allottee. There are millions of dollars worth of pine in the Choctaw Nation and in the Creek and Cherokee Nations walnut and all the hard woods are found in such large quantities that the timber on an allotment is oftentimes worth more than the allotment itself. Many attempts have been made to cut and ship this timber but it has been closely watched by the government officials and confiscated whenever found to be unlawfully cut. On the Arkansas and Verdigris rivers are millions of feet of the finest of implement and wagon material to be found in the United States.

### Cured After Suffering Ten Years.

B. F. Hare Supt. Miami Cycle & Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper, when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by all dealers.

I have several nice improved lots in different parts of the city which I will sell on long time. Small payment down. F. M. Fox, Ardmore, I. T.

We are making a special run on our big stock of guns and if you can be tempted by the lowest price ever offered you can not resist buying.  
WILLIAMS, CORBIN & CO.

When bilious try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first class up to date medicine will correct the disorder. For sale by F. J. Ramsey, Ardmore Drug Co., W. B. Frame.

### NEGROES TERRORIZED.

Self-Styled Dalton Gang Rampant in Washington County, Ala.  
Stephens, Ala., Jan. 21.—Negroes living near High Washington County are terrorized by the reports of a self-styled Dalton gang. Several months ago a party of white men, who call themselves the Dalton gang, were reported to have been in the neighborhood of Stephens, Ala. The reports of their doings are so numerous and so terrifying that the negroes are in a state of constant alarm. The reports are that the gang has been in the neighborhood of Stephens, Ala. for some time, and that they have been committing various crimes, including the murder of a negro man. The reports are so numerous and so terrifying that the negroes are in a state of constant alarm.

### Congratulations.

Mr. John H. Collier, editor of the Garland, Texas, News, has written a letter of congratulation to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them, with good results. One good feature of this remedy is that it is not disagreeable to take and babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy." For sale by F. J. Ramsey, Ardmore Drug Co., W. B. Frame.

### Oldest Man in the World.

Waco, Tex., Jan. 21.—A negro giving his name as Stephens Joice applied to tax collector, Tucker, this afternoon for a poll tax exemption certificate and testified that his age was 148 which, if true, would make him the oldest man in the world. He says that he remembers the stirring times of the Revolutionary war and claims to have been born in 1758. He has lived in this country for forty years and is familiarly known as "Uncle Steve."

### Pleasant and Most Effective.

T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unhesitatingly I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasant remedy for coughs and colds I have ever used." 25c, 50c and \$1. Sold by W. B. Frame.

### IN BEHALF OF WEST.

Friends of Convicted Indian Boy Ask for Executive Clemency.  
Guthrie, O. T., Jan. 21.—Friends of the prisoner are petitioning Gov. T. B. Ferguson to pardon Charley West, an Osage Indian boy, who is serving a term of three years in the penitentiary for horse stealing. West has served over a year of his term. Under the laws, as governing the Osage Nation, which is attached to Pawnee county for judicial purposes, horse stealing in that nation, when committed by an Indian, is punishable under the territorial laws, which give a minimum sentence of one year or a maximum of five years in the penitentiary; on the other hand if a white man commits such an act in the Osage country, he is punishable under the federal laws, which impose a punishment of but one year in the federal jail.

The Indian thus gets the worst of it, and this is made one of the principal arguments to the governor, as presented by the boy's attorney. The other strong argument is that West's health is failing and that if incarcerated longer will surely die of consumption.

### Rev. Carlisle P. B. Martin, L.L.D.

Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm which produces a cough and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25c, 50c and \$1 at W. B. Frame's.

Only amateurs talk about how they will manage their wives when they get them. Those who have wives usually remain discreetly silent when this subject is up for discussion.

The many friends of G. H. Hansen, engineer in E. & W. R. R., at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He writes: "I was cured by using Foley's Kidney Cure, which I recommend to all, especially trainmen who are usually similarly afflicted." Bonner & Bonner.

It always takes a pretty woman three times as long to comb her hair before a mirror as it takes one who has a small stock of good looks.
